Subject: FW: BP's membership in ALEC

Yes, ALEC is one of several organizations that BP participates in to help educate policy-makers about energy and natural resource issues that affect our business.

Subject: BP's membership in ALEC

Hello,

I'm updating public records on the companies that are members and funders of the American Legislative Exchange Council (ALEC). BP America is currently listed as member of ALEC.

Could you please confirm that BP is currently a member and/or funder of ALEC?

Thank you.
