**Louisiana Committee of 100 and LA District Export Council
Spearhead
Louisiana Executive Trade Mission to Panama**

October 12-17, 2014

The Louisiana Committee of 100 and the LA District Export Council will spearhead an executive led Louisiana business development trade mission to Panama the week of October 12-17, 2014. The goal of the mission is to help participating Louisiana companies and organizations foster new business and partnerships in Panama. **The mission is also open to qualified Louisiana companies but space is limited.** Working in conjunction with the U.S. Commercial Service offices in New Orleans and Panama, the mission organizers will further develop relationships between C-100 member organizations such as the ports, airlines, hospitals and educational institutions with the ultimate goal of attracting Panamanian travelers to Louisiana not only for future business and investment but also for their educational and medical needs. **See the attached information for details or contact the New Orleans US Export Assistance Center at 504-589-6546.**
