Tioga, North Dakota, August 2013

“Minnesota Power has utilized the services of Brainerd Helicopter for 10+ years to perform vegetation patrols. We are extremely pleased with the quality of pilots, condition of helicopters and the flexibility in flight scheduling Brainerd Helicopter Service provides. Brainerd Helicopter Service provides us with GPS tracking logs that have proven valuable for evidence of vegetation patrols on critical transmission lines. Brainerd Helicopter Service provides Minnesota Power with a reliable partnership that is unmatched.”
